

To the Trade:

We again have the honor of presenting to you our New Illustrated Catalogue and Price List.

Skilful workmen, modern machinery, and large factory premises enable us to produce goods equal in design, price and durability to any first-class house in the trade.

Our Trade Mark

Is on all Hollow Ware of our manufacture, and goods thus stamped we guarantee equal to the best.

The peculiar requirements of the Plated Ware Trade demand the constant production of new designs. Each Spring and Fall we produce goods that almost supersede those of the previous season; this is more particularly the case with Imported Glassware. The dealer will therefore understand that this Catalogue is not an illustration of all the goods we manufacture, but is issued as a help to those buyers doing business in places not reached by our travellers.

Spoons and Forks stamped "G. Rodgers, at-and N.Y." are plated, burnished and tested under the personal supervision of Mr. G. Rodgers himself, whose forty-five years of experience is ample guarantee of the quality. Dealers are requested to practically test these goods, and compare them with the same grade of other makers, and buy the best. A printed guarantee accompanies each half dozen.

All knives stamped "G. Rodgers, Toronto," are plated 12 dwts. of fine silver to the dozen, are hand-burnished and warranted equal to the best, and superior to knives usually sold by other dealers.

Dealers selling goods of the above brands are authorized to warrant them equal to any in the world.

THE ACME SILVER COMPANY,
TORONTO, CANADA.

Satin

A tall, ornate metal pitcher or ewer. The body is decorated with intricate patterns, possibly floral or arabesque. The handle is curved and features a series of small, decorative knobs or finials. The base is circular and features a prominent medallion or plaque with a central figure or scene. The overall design is highly decorative and suggests a high-quality, possibly silver or brass, construction.

THE ACME SILVER COMPANY

GUARANTEE NOTICE

All Spoons and Forks bearing the stamp

G. Rodgers, A 1

are made of 18 per cent. nickel silver, and are plated and hand-burnished under my personal supervision, and standard of quality; each article is guaranteed perfect in finish and durability.

All knives bearing the stamp

G. Rodgers

12 DWT.

TORONTO,

are plated on the best cast steel, are hand-burnished and warranted to give perfect satisfaction.

During the past forty-five years my goods have attained an enviable reputation for excellence and uniformity of quality. See that the trade mark reads and is spelled **G. Rodgers, A 1**, on spoons and forks, and **G. RODGERS, 12 DWT., TORONTO**, on plated knives.

SECTIONAL PLATED GOODS are stamped **XL**, and are guaranteed to wear equal to any Quadruple Plated Goods sold by any other manufacturers.

Essentials in the Manufacture of Fine Flat Ware.—FIRST Fine nickel silver. SECOND Thorough finish, making a perfectly smooth surface. (No rough surface, however well plated, will give serviceable wear.) THIRD A well-deposited coat of silver, perfectly hardened by hand-burnishing. (Machinery does this imperfectly, a large amount of buffing being necessary to complete the finish, and this cuts off much of the silver.) FOURTH Good designing and die work. All these points are found in my goods, enabling me to recommend them.

Sold only by the **Acme Silver Company, Toronto**, to whom all orders should be addressed.

G. RODGERS,

35 to 47 Hayter Street,

TORONTO, CANADA.

THE ACME SILVER COMPANY

TORONTO, ONT.

Illustrated Price List

... OF ...

Silver Plated Flat Ware

TRADE MARK:

G. RODGERS, A 1

Particular attention is called to the Trade Mark, G. RODGERS, as an important distinguishing feature of these goods. Although manufacturers of Rogers' goods are innumerable, it is not in the interest of the dealer to handle any but the best known. Therefore, see that the guarantee on page 148, accompanies each doz. Knives, Forks or Spoons.

MANUFACTURED, PLATED AND BURNISHED UNDER
THE PERSONAL SUPERVISION OF

GEORGE RODGERS

KNOWN TO THE TRADE SINCE 1847.

FOR SALE BY

The Acme Silver Company

SOLE MANUFACTURERS

THE ACME SILVER COMPANY

X. L. RODGERS

THIS ware is the highest grade ever brought to your notice. Special care has been taken in producing articles of exquisite balance, pronounced far superior to fine old English goods and American imitations of them.

They are made in one plate only, being sectional plate with a coating of pure silver heavier than any in market, and are thoroughly hand-burnished. We guarantee them to out-wear ALL OTHERS.

While they are the highest in cost they are the most economical to the consumer.

The distinguishing colors of X. L. packages are chocolate and gold.

The Acme Silver Co.

TORONTO, Canada.
